

 INOMETA

INOMETA. EXPERTISE. MARKETS. PRODUCTS.

PRECISION IN ALL DIMENSION

TECHNOLOGY AS A TRADITION.

INOMETA is a technological leader for the development, production, and finishing of technical lightweight design products made of aluminium and fiber composites such as CFRP and GFRP. We specialize in high-end, innovative lightweight solutions; as well as the development and production of functional surfaces.

Our product portfolio ranges from technical pipes, roller tubes, winding cores, and web guide rollers to anilox rollers, air cylinder, adapters, and highly versatile functional coatings. With this product range, we are able to cover the entire spectrum of rotating elements for the film, paper, printing, packaging and converting industries.

MEASURABLE COMPETITIVE ADVANTAGES THROUGH TAILOR-MADE COMPONENTS AND SYSTEMS

A PARTNER WITH OVER 35 YEARS OF EXPERIENCE

Today, INOMETA stands for exceptional technological expertise in the development and production of highly-customized light-weight solutions made of aluminium and fiber composites such as CFRP and GFRP.

OUR EXPERTISE: HIGH PRECISION FOR LARGE DIMENSIONS

FLEXO, OFFSET, AND DIGITAL PRINTING

Your products

- Flexible materials
- Paper & cardboard
- Corrugated cardboard
- Film & label

Process

- Ink transfer
- Printing unit
- Web guidance
- Winding and unwinding

Our products

- INOflex® Anilox Rollers/GFRP Anilox Sleeves
- INOflex® pneum. & hydraulic CFRP adapter
- INOflex® CFRP air cylinder
- Functional surfaces

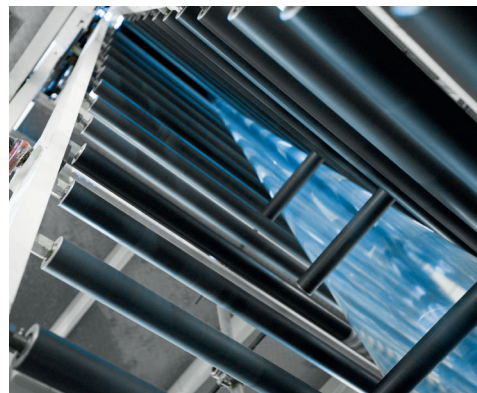

OUR EXPERTISE: WEB GUIDING, SENSOR TECHNOLOGY AND INTELLIGENT COATINGS

FILM PRODUCTION & SUBSEQUENT PROCESSING

Your products

- Flexible film packaging
- Technical film products
- Display and battery films
- BOPP, BOPET, BOPA

Process

- Biaxial orientation
- Flat and blown-film extrusion
- Cast film extrusion
- Converting

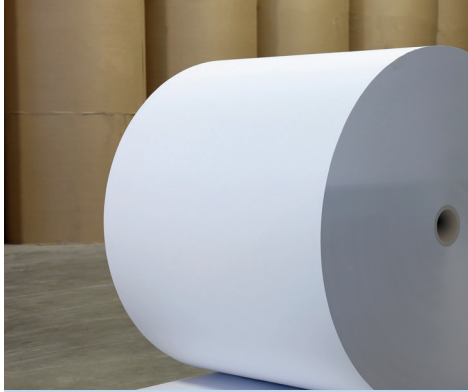

Our products

- CRFP & aluminium roller/lay-on roller
- Functional surfaces
- Web tension measurement
- Winding cores

OUR EXPERTISE: CFRP LIGHTWEIGHT ROLLERS AND SERVICE IN OEM QUALITY

PAPER MANUFACTURING

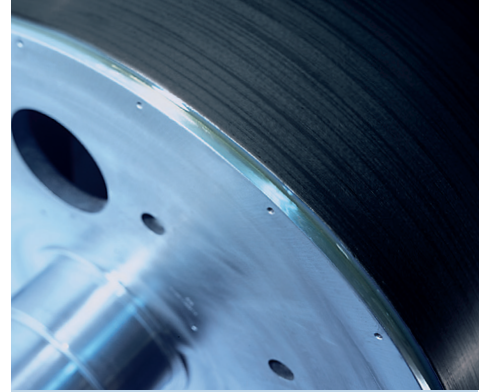

Your products

- Graphic paper
- Wrapping paper and cardboard
- Specialized and hygiene paper

Process

- Wire mesh & dryer section
- Size press & calendar
- Winder
- Coater

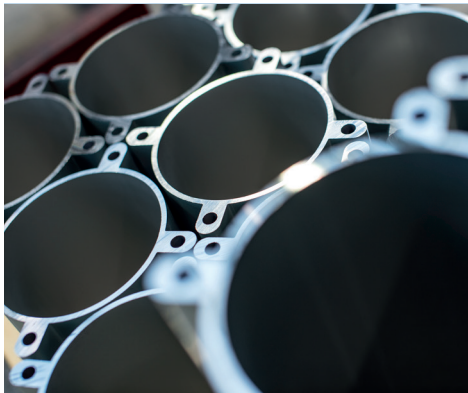

Our products

- X-Guide
- X-Treme
- X-Shake
- X-Bow-ST

OUR EXPERTISE: HIGH PRECISION, CERTIFIED QUALITY, AND FAST LOGISTICS

TUBES & PROFILES

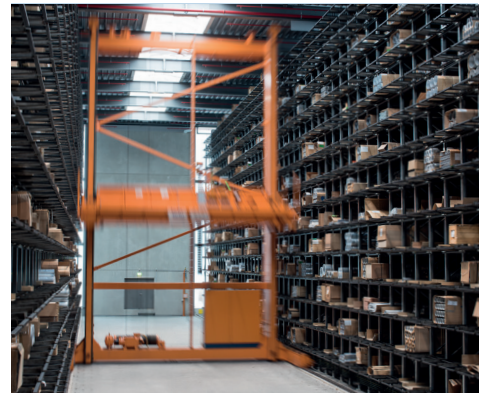

Our products

- Aluminium roller and cylinder tubes
- Aluminium bar and profile tubes
- Drawing profiles and solid material

Processing skills

- Sawing and turning
- Grinding and double-end machining
- Coating

Logistics & Quality

- Immediate availability
- Just-in-time delivery
- Certified product quality
