

FDA Declaration of conformity

PROTEK[®] 8000 Polymer Coating

This coating has been tested and assessed based on the
- FDA 177.2600 FDA 21 CFR § 177.2600 - Rubber articles intended for repeated use

The test conditions were selected and applied in accordance with FDA 21 CFR.
The results in the test report confirm that the FDA extractable fractions are below the limits.

According to the test report 2023L56585 / 1 of the Swiss Institute sqts dated April 17, 2024,
none of the specifically determined substances were detectable above the respective
specific migration limit in the analyses carried out.

Herford, April 18, 2024
