

FDA Certificate of Compliance

PROTEK® 3310 Composite Coating

This coating has been tested and assessed based on the
- FDA 175.300 FDA 21 CFR § 175.300 - Resinous and polymeric coatings

FDA 21 CFR was selected and applied as the basis for assessment.
The result of the analysis, based on the available documents, assumptions and analyses carried out, is that PROTEK 3310 meets the requirements of FDA 21 CFR § 175.300.

The basis for this FDA declaration of conformity is the test report 2023L56586 / 1 of the Swiss Institute SQTS - Swiss quality testing services dated April 12, 2024.
